

Extreme Value Statistics in Random Matrix Theory

by

Satya MAJUMDAR and Gregory SCHEHR

*Laboratoire de Physique Théorique et Modèles Statistiques
Université Paris Sud, France*

May 22-23, 2017

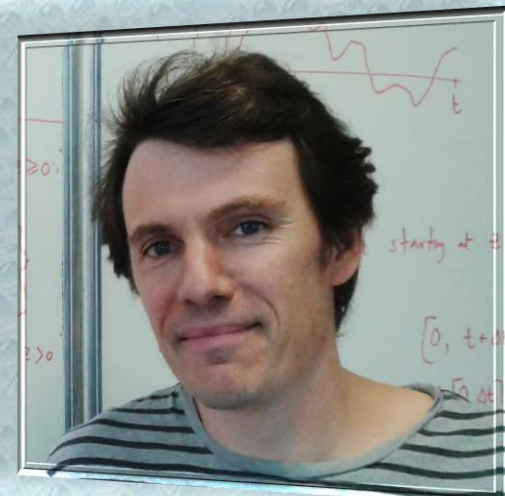

Independent University of Moscow, room 401, 11⁰⁰ - 15⁰⁰
Bolshoy Vlasievsky, 11

Top eigenvalue of a random matrix: Tracy-Widom distribution and third order phase transition

Satya MAJUMDAR

Non-Intersecting Brownian motions: from Random matrices to Yang-Mills theory.

Gregory SCHEHR
